# Rest Home Here Gains Approval

SAN DIEGO (CNS)—A Lemon Grove woman's spirited defense of her plans to establish a rest home for the aged at 2545 Crestline Drive—vigorously opposed by her neighbors—won the support Tuesday of the County Board of Supervisors.

## Chamber Elects Six Directors

The Lemon Grove Chamber of Commerce elected six directors at a meeting here Tuesday, Sam Pernicano, chairman of the chamber's balloting committee, said today.

All directors were named to three-year terms. They are: Forest C. Baxter, of Lemon Grove Sheet Metal; Charles Degenhart, Don Diego Market; Charles Hesser, Hesser-Stephens Realty; Irving Marder, Marder's Stationery; Frank Thomas, Thomas Disposal Service; and Robert Wilson, Southland Savings & Loan Assn.

Ed Koester, chamber manager, and Hank Templeton, assisted Pernicano in the balloting.

Neighbors' appeals from the planning commission decision resulted in a public hearing Tuesday before the Supervisors.

Feb. 10 in granting a special use permit to Mrs. Blanche Hale Peirce Davis to convert two duplexes and a bedroom dwelling to accommodate up to 16 elderly guests.

Owens said he felt another rest home would reduce the residential area to commercial. There are already two others.

## CAR SHOW NEXT PROJECT

# 30 Winners Named in Fashion Show Drawing

An outdoors style show that would have done credit to any fashion group in the United States was staged Saturday in the plaza in Lemon Grove. Attractive people, attractively garbed, displaying fashions of today, and of the season ahead, brought "oohs" and "ahhs" from the audience.

The show, under the auspices of the merchants division of the chamber of commerce, was presented under a sunny California sky with the audience seated on the freshly cut grass of the plaza's lawn. Fashions ranged from the skimpy, but lovely swim suits to cocktail and semi-formal wear. Handsome youngsters modeled togs for the popsize set. Helen Gaudin and Patricia Hutchinson were in charge of the show. Commentator was Dr. Amorita Tragenza who also loaned brightness to the affair. The show was opened by Ed Koester, chamber of commerce manager.

**DRAWING STAGED**  
Immediately after the show the group's door-prize drawing was conducted with George Fickas as master of ceremonies. Hundreds of dollars worth of merchandise was distributed to thirty winners. During the three day period of a sales promotion leading up to the event, local firms gave away numbered tickets. Winners were then selected by drawing from individual containers; one supplied by each participating firm.

**WINNERS LISTED**  
Since it was not necessary for winners to be present, many prizes are yet to be claimed.

The winners, and where they may pick up their prizes:  
D. McDonald, 1271 Bates lane  
Gauldin's; Sherry Davis, 7495 North Ave.; Linda's; C. Grasso, 518 Elkton - Mode O'Day; C. (Continued on Page 2)

**Hearing Set on Area Bus Route**  
A hearing on the proposed cross-town bus route from El Cajon to San Ysidro via Lemon Grove and Spring Valley will be held March 29 and 30 in the San Diego chamber of commerce building, 435 W. Broadway, San Diego.

The route, proposed by the Freddie Allen bus which presently operates a route from Casa de Oro through Spring Valley and Lemon Grove, to San Diego.

## SEEK SEATS ON THREE BOARDS

Twenty-six candidates will compete for nine seats on three school boards when school trustee election day comes to this area April 18.

Eleven candidates had filed for the race in the Grossmont Union high school district as the deadline came Friday. These included two of three incumbents. Clarence Foster, a board member for 25 years, did not file for reelection.

The other candidates are: Elliott C. Johnson, 8935 Emerald Grove Ave., Lakeside; Elman Roby, 3460 Olive, Lemon Grove; Mrs. Lucille G. Morrow, 1035 Jamacha Rd., El Cajon;

Some of the items the board acted upon included a preliminary look at the salary-budget study for the district.

A schedule was adopted for summer school and another for the summer recreation program. The summer school and another for the summer recreation program. The summer school schedule has been set at Golden avenue and San Altos.

The 1961-62 school year will be 178 days. Superintendent Netley told the board. School will start September 11 and close June 10.

## The DIMMER VIEW

by MAX GOODWIN

Don't let anyone sell you short on our elementary school youngsters when it comes to knowledge of government.

A test which is given to eighth graders delves deep into their knowledge of the California constitutional government. Many adults who have day-by-day contact with various phases of state government might be hard put to answer the seventy questions and twenty-two multiple choice problems.

According to Sam Solleder, assistant superintendent of the Lemon Grove elementary school district, the test is given to all eighth graders before they trek off for high school.

Some of the question:

1. The governor is elected in—years, not—by—
2. The— is a means of starting legislation when the two houses fail to meet the people's wishes.
3. A state constitution is its—of government.
4. The technical name for the two house type of government is—
5. Senatorial districts are established on a—basis.
6. Assembly districts are established on a—basis.
7. Three basic kinds of city government are: a.—, b.—, c.—.

The answers:

1. even years, not divisible by four.
2. The initiative
3. plan
4. bicameral
5. geographical
6. population
7. a. mayor-council; b. commission; c. city manager

If you answered these seven right we'll give you an "A" in civics.

Residents of the supervisorial district attended by David W. Bird may be notified next year that they are being put in a district supervised by some other person.

Such a change would make only a few persons happy. The vast majority, we think, would resist, as best they could, any switchover.

This is occasioned by the law which requires that redistricting be done within a year of the time the supervisors have been officially notified of the population makeup of their districts.

Bird has 40,000 more voters in his district than does De Graff Austin, for example. Should the Lemon Grove-Spring Valley area be transferred to Austin, the community's problems would be lumped in with those of Logan Heights and south Imperial avenue, the latter two areas being already in Austin's district.

Should redistricting be done in pie-wedge form, the city of San Diego, where 60 per cent of the voters are, could dominate all of the supervisors—political expediency being a backdrop for many of the board's actions.

Bertram McLees, county counsel, has interpreted the county charter to require that at least two of the five districts be "as far as possible" outside the city of San Diego and that their population should be as equal as possible.

This could possibly resolve itself into a three-two formula with three supervisors having pie-shaped districts within the city; and the unincorporated area being halved.

Bird's personal taste is for holding onto the east county area where his acquaintanceship is wide and his popularity is strong.

Yet, he may lose the area because of the requirements of the law.

The country isn't going to pot as some of the doomsday people would have us believe.

While the demand for workers isn't at the same tempo it was during the after-WWII boom, neither is the path along a frontage road to the freeway to depression.

Many straws in the wind indicate better days ahead for us locally. Just a few days ago we reported that the Spring Valley Welfare Association's family help program had all but stopped. Prior to Christmas there had been sixty-five families (Continued on Page 2)

## Burglars Score Second Time at Hardware Store

Service Hardware & Supply, 9923 Campo Rd., Spring Valley, was hit by burglars again Thursday night—the second break-in at the store in ten days.

Tools and ammunition were taken in the Thursday night burglary, with no estimate of the loss. Ten days previous burglars made off with some \$800 in cash, checks and merchandise.

Entry was made by removing louvers on a rear shed, then breaking a window in the main store. Cutters from the store were used to break a padlock on the rear door when the thieves left.

Sheriff's officers are investigating.

## LG Youth Jailed On Rape Charge

A Lemon Grove teenager was arraigned in El Cajon Municipal Court Tuesday on a rape charge involving a sixteen year old girl.

The teenager is Ernest Norvell, 19, of 7847 Alton drive. The girl's father, who signed the felony complaint for the alleged victim, does not charge force was used.

Judge R. Panton Garfield ordered Norvell held in lieu of \$525 bail and scheduled a preliminary hearing Friday.

# MYSTERY SHOOTING INVESTIGATED HERE

**DOUBLE CEREMONY** — A sign is lit and a plaque is given at a ceremony Monday just west of Lemon Grove. A sign, towering 55 feet in the air, pictured at the left, is officially presented to the Lemon Grove chamber of commerce of George A. Scott. At the same time, Larry Folda, right, president of the chamber, presents Scott with a plaque, for Scott's service to the community, the latest of which was the contribution of the sign which represents \$9,300. Scott is president of the Walker-Scott department stores and a director of the L.G. chamber. The sign is the second one donated by Scott. Both are opposite College Grove shopping center but the earlier one was obscured by a larger one erected for a banking firm. Scott offered to purchase a new, larger one which was installed on the property owned by the Magic Carpet on Federal blvd. Chuck Munn, owner of the carpet firm contributed the use of his land for the sign. The chamber plaque to Scott reads "Good Citizen Award. To George A. Scott for untiring devotion; his unselfish service, and his unfailing generosity to the community of Lemon Grove." The sign will be lit the first of April, according to Jim Boyd, chairman of the chamber's sign committee. (Staff Photo).

## Service Station, Bus Fired on by Unidentified Man

Sheriff's officers are continuing investigation of two "mystery shootings" last week in the Lemon Grove and Spring Valley areas.

A driver for the San Diego Transit System reported to sheriff's officers that his bus had been fired on Tuesday as it was leaving the intersection of Massachusetts and Vista La Mesa.

And the following day an employee of a Spring Valley service station said an unidentified man fired several shots at the station, reported that one bullet pierced a metal post supporting a canopy above the gas pumps.

## WINDOW SHATTERED

Sheriff's investigators said the bullet that struck the bus broke a window and scattered glass fragments across the vehicle and on the seats. They said they believed the shot was fired from a bank as the bus was pulling away from the bus stop.

Francis Henry King, 22, an employee of Gordon's Mobil Service, at 697 Sweetwater Ave., said he was standing near the tube rack in the station talking to a customer, Louis C. Dietrich, 751 Broadway, when several shots were fired.

## SAW MAN FIRE

King told investigating officers he went out to see where the shots were coming from and saw a man raise a rifle to his shoulder and fire again. He dropped to the ground, officers said, to escape the flying bullets. The last shot fired pierced the canopy post. Officers have recovered the bullet.

Investigation revealed that others in the neighborhood of the station also heard the shots.

King lives at 1449 Sweetwater Ln. Gordon Black owns the station.

## Rotary Club Elects Hoy

Wayne Hoy, a Lemon Grove attorney who lives at 4730 Lee Ave., La Mesa, was elected president of the Lemon Grove Rotary club Monday. He succeeds Arvid Johnson, assistant to the president of San Diego State college.

Installation ceremonies will be held June 11 at Mission Valley Country Club. Hoy will assume office July 1.

Also elected were: Joel Artavia, vice president; Glenn Nord, secretary and Al Drew, treasurer.

Elected to the board of directors were: Ray Stephens, Robert Maddox, Abe Mukai and Pat Patrick.

# List Damage at \$775 In Two House Fires

Two structure fires damaging an estimated \$775 in property, were reported this week by the Lemon Grove Fire Dept.

Firemen were called to 7337 Central Ave., Thursday when a fire, believed started in a home laundry, spread to a carport attached to the house. The fire crew confined the blaze

up at the drain, firemen said.

The department was also called out on two first aid calls during the week.

## FIRST IN SERIES

# Clean-Up Drive Set Saturday

Some 600 Lemon Grove youths will meet at 8 a.m. Saturday to launch the first in a proposed series of anti-litter campaigns in the community.

Final plans were mapped for the drive at a meeting Thursday in the Chamber of Commerce office, sponsored by the Lemon Grove Coordinating Council. Frank Doolin is in charge of the campaign.

## Polio Vaccine is Found in Valley

A Spring Valley woman and her son, hiking in the back country last week, found from 55 to 60 small bottles of polio vaccine, the sheriff's office reported this week.

Mrs. C. H. Norton and her small son, of 3494 Barcelona, Spring Valley, were hiking in Proctor Valley when they came upon the bottles of vaccine. About 35 of the bottles were destroyed.

Sheriff's officers investigating said the bottles had been dumped, then apparently used as targets for rifle practice. Also of the vaccine was listed.

## Mt. Miguel Names Two Top Students

Peggy Freeman and Carole Urbanac, Mt. Miguel seniors, have been selected as valedictorian and salutatorian, respectively, of the Class of 1961.

Selection is based on the grade point averages of students.

Both girls will speak at the school's commencement exercises June 15 in the Miguel stadium. Baccalaureate services will be held in the Blossom Lane Church of Latter-Day Saints in Spring Valley, on the Sunday preceding graduation.

Also elected were: Joel Artavia, vice president; Glenn Nord, secretary and Al Drew, treasurer.

## Here's a New High in Thievery

A thief—with no apparent fear of height—last week stole a ten-inch ornament from the top of a flagpole at a Lemon Grove residence.

Glen Q. Reynolds, 1606 Taft St., reported the theft Monday to sheriff's officers. He said the ornament, about ten inches high, carved from fir and painted red, white and blue, was valued at about \$35.

Officers are investigating the thievery.

furnished by Frank Thomas, of the Thomas Disposal Service, for delivery to the dump. Jim Spears, of Spears Ford, will furnish a truck to be used by Doolin in the drive.

All participants will meet at the plaza following the drive for refreshments. Doolin said a big turnout is expected.

## STREETS LISTED

Streets that will be included in the first drive include the following:

Palm from Imperial to Troy; Imperial avenue; Broadway (except Imperial to Kempf); Massachusetts from Waite south to Imperial; School lane from Lincoln to Golden avenues; Central from School lane west to Massachusetts; San Miguel from Imperial to Federal; Skyline drive, including Kempf, line drive, including Kempf, from Broadway to Jamacha; Englewood; Washington from Broadway to the end of the street; Golden avenue from Imperial to Palm and Pacific from Palm to New Jersey.

REFRESHMENTS, ANYONE? — Pretty Mrs. Marge Shult serves a glass of lemonade to Bob Vaught during the Lemon Grove merchant's fashion show and give-away at the plaza Saturday afternoon. Free lemonade was furnished by the merchants. Thirty lucky ticket holders won hundreds of dollars worth of merchandise prizes during the event. Prize-winners are listed in another story in this issue. (Staff Photo).

## The DIMMER VIEW

(Continued)

lies coming to them for relief. As of now the total is five. In Lemon Grove the school aid program for childrens lunches has diminished rather than increased over last year's requirements.

Finally, from no less an authority than Arthur F. McCarty, labor market analyst in San Diego for the Department of Employment, comes this cheering news. "The rising employment trend will continue till spring when the seasonal increase will accelerate the tempo."

In a report McCarty will release later this week, it will be shown that there are now 3,000 more persons employed in S.D. than there was a year ago; that January employment was up 300 over December for a record 313,000 jobs, and that February was up 500 over January.

Money-in-the-bank totals are also reported to be at an all-time high. Thus it appears that all that is missing is the spending psychology that carries our economy along on the breast of a boom.

If we know our money-spending mates and our hard selling retailers, the plug that dams the flow may soon be pulled out.

Until recently, many professional men found it hard to keep a receptionist. Most of these chicks are well groomed and attractive but apparently are willing to work long enough to be eligible for the full schedule of unemployment pay. This is unfair to work steadily and never draw on the unemployment fund.

The problem plagued a Lemon Grove dentist, Dr. Dennis McLaughlin, who, like all other employers, receives inevitable notices that unemployment payments would be charged against his tax account. Conscientiously, he would explain to department of employment people that the employee was not fired; that she could have the job if she wanted to work. Just as inevitably the employee would be awarded unemployment compensation.

Then he took a different tack last month! When the department sent forms by which employers may explain the circumstances of separation he wrote boldly across it "I demand that this person be awarded full compensation IMMEDIATELY!"

Last week he got, for the first time in his business life, a notice from the state people announcing that the claim was disallowed!

By golly, you can't give orders to state bureaus.

## Rest Home

(Continued)

nearby. Kenneth L. Allison, who said he lived directly across the street from the proposed rest home, complained that "they'll chase the kids away and they'll have no place to play."

**LOWER VALUES**  
Mrs. Thomas E. Funk said "I already have one rest home directly to my rear owned by Mrs. Davis. Another in the front will only lower property values."

But Mrs. Davis declared she did not own the property where the present rest home exists. "It belonged to my husband," she said, "and when he died it reverted to a trust and I have nothing to do with it."

Mrs. Davis displayed a large map of the area on which she had noted homes where there are children.

"It is true," she said, "that my property has been the playground for the neighborhood."

**LONG TALKS**  
She told the Board that "at no time did my neighbors tell me they disapproved of my plans, although I had long talks with many of them. No one indicated any opposition until the planning commission hearing, and then they were there to oppose me."

"Now no one on the block speaks to me any more, not even the children."

"It is not my intention to run down the neighborhood, but will 16 old people run it down?" Supervisor Robert C. Dent said it "looks as if the area is already being used for rest homes—there are two there already." He made the motion to

uphold the planning commission's approval of the special use permit.

The vote was unanimous.

## Retired School Carpenter Dies

Services were conducted Tuesday for D. C. Buckner, 79, of 2861 Buena Vista Ave., Lemon Grove, who died Friday in a hospital.

A retired carpenter who had worked for the Lemon Grove school district from 1944 to 1948 Buckner had lived in the county area for 22 years. He came here from North Carolina.

He is survived by his wife, Sally; five sons including William and Ralph of Lemon Grove; Clyde of La Mesa; James of Riverside and Raymond of Los Angeles; 12 grandchildren and 17 great-grandchildren.

Interment in Greenwood mausoleum followed the services.

## UNUSUAL 'LOOT' TAKEN IN BREAK-IN

Thieves got away with an unusual collection of loot Friday after entering Lloyd's Market, 8330 Troy St., Spring Valley.

Sheriff's officers listed the following items as taken in the break-in:

Several packs of cigarettes, two small packages of vitamin pills and several Canadian and Mexican coins—some of them with holes punched in them.

# Miguel Baseballers Leading Loop

## Nip Devils To Lead by Two Games

Mt. Miguel moved two games out in front of the Metro League Southern Division race with a 4-1 victory over the Sweetwater Red Devils on the Sweetwater field Tuesday afternoon. Second place Helix was upset by Grossmont, 4-3 giving the Matadors their two game margin. Matador hurler Doug Wardell went the distance to collect the win.

by BILL OTT JR.  
Coach Walt Gehrke's Mt. Miguel baseball team moved into first place in the Metro League Southern Division after winning two games last week. The Matadors shut-out the Chula Vista Spartans, 6-0 last Tuesday afternoon on the home base, and rolled by Grossmont 6-2 in a Friday afternoon affair at Mt. Miguel.

**6 WINS**  
The two loop victories stretched the Spring Valley school's winning streak to 6 wins without a loss this season. Miguel hurler Bob Curley yielded the Chula Vistas only 2 hits in winning his second mound start of the season. The two Spartan hits came in the third and seventh innings. Mt. Miguel appeared to be strong on the offensive attack, pounding out 10 hits off Spartan throwers Jerry Luke, and relief pitcher Ron Tompkins who came in the 5th inning. Luke suffered the loss.

The Matadors began scoring with a lone tally in the second stanza, 2 in the fourth inning, and three runs in the bottom half of the sixth for the 6-2 total.

**THREE HITS**  
Doug Wardell paced the Matador hitting attack with 3 hits in 4 times at the plate.

In Friday afternoon's fray the Miguel batmen cracked out 8 hits off Grossmont pitcher Neil McClellan in posting their second triumph. Matador hurler Ron Scagliotti held the fighting. Foothillers scoreless until the sixth inning when Grossmont first sacker Joe McKirahan homered over the right field fence with a teammate aboard. Before the homer Scagliotti allowed only two hits, and 1 after the circuit blast, in chalking up his third victory.

**LEADS AGAIN**  
The winner's scoring came two at a time, coming in the bottom of the second, fourth, and fifth chapters, with Wardell again leading the Matadors at the plate collecting two hits in three appearances.  
El Capitan's Northern Division Leaders invade the Mt. Miguel diamond in a Friday afternoon game before Easter vacation. During the vacation, the high schools in the San Diego City and County area will be participating in the Lion's Tourney. The Tourney runs from Monday through Wednesday.

## Two Former Mt Miguel Baseballers Jetting 'Big Chance' with Majors

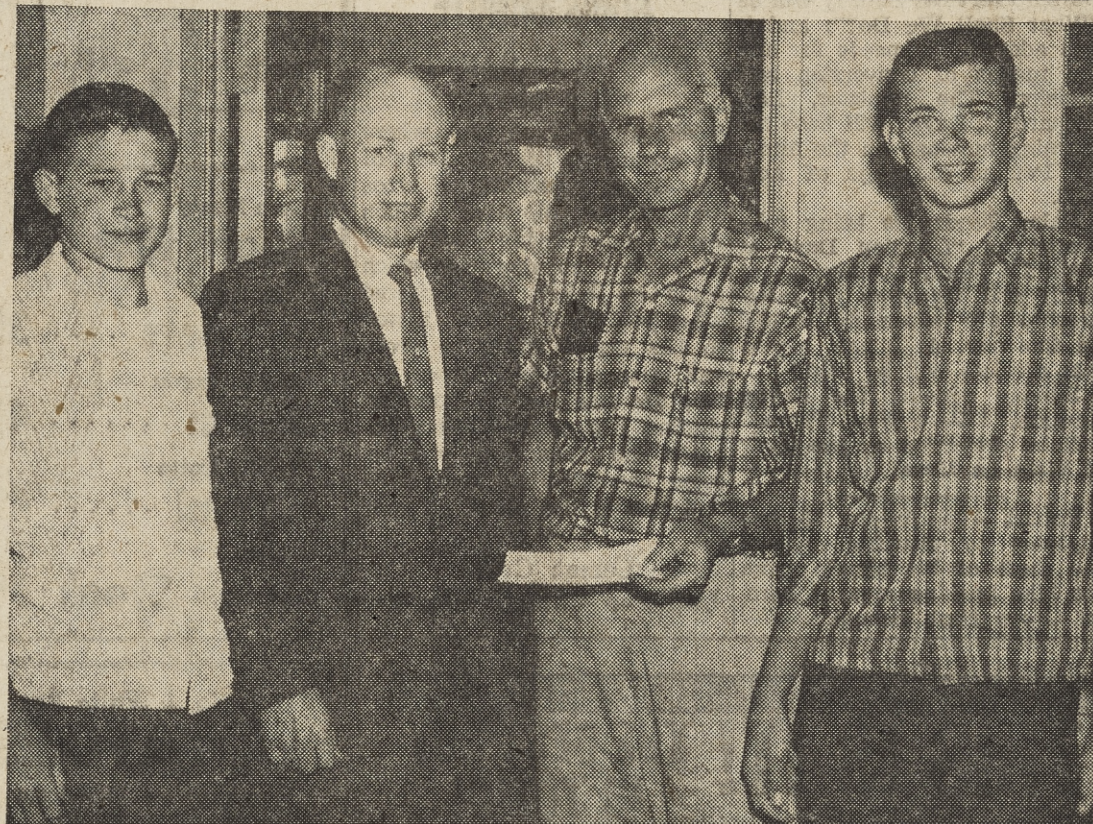

by BILL OTT JR.

Two former Mt. Miguel High School baseball stars are getting their "big chance" to break into the upper baseball ranks. The two former prep standouts are Pete Jernigan, son of Mr. and Mrs. Homer O. Jernigan, of 7630 Davidson, Lemon Grove and Dave Goodwin, son of Mr. and Mrs. Herbert M. Goodwin of 3525 Helix St., Spring Valley.

Jernigan, a 1959 graduate of Mt. Miguel started last season at San Diego Junior College, and during the season signed a bonus contract with the Boston Red Sox of the American League. With the signing, Pete was sent to Alpine, Texas, and played in the Sophomore League. Jernigan was outstanding while at Alpine and was then sent up to Allentown of the Eastern League. A strep throat slowed down Jernigan, and Pete after the slow start began to regain his "old form" and bring his batting average back up.

Goodwin is a 1958 graduate of the Spring Valley school and has been playing for Ryan in the semi-pro San Diego area under the coaching of Art (Pop) Billings. Billings recommended Goodwin to the Padres of San Diego and he has reported to the Padre training camp at Indio.

Dave is a second baseman, and batted at a .397 clip while in his senior year under Matador mentor Walt Gehrke. Before entering Mt. Miguel, Dave played for Helix and was a member of the La Mesa Connie Mack Championship team.

**PRESENTS CHECK** — Grant Hadley, representing the Lemon Grove Lions Club, presents a check for \$350 to Jack Wilkinson of the Lemon Grove Pony League. \$250 Of the amount will go for sponsor fees, the other \$100 for additional equipment as needed, Hadley said. Looking on are two Pony League players, Dennis Wilkinson, left, and Larry Bailey, (Staff Photo).

# GROWING WITH SAN DIEGO

## OUR FIRST STORE OPENS TODAY IN SPRING VALLEY

We'd like to know you better. Perhaps you would like to know more about us. Kresge's was founded by Sebastian S. Kresge, of Swiss descent, at Detroit, Michigan in 1899. The first store proclaimed "Nothing Over 10c." This year we are celebrating our 62nd anniversary!

The simple business principles of low overhead, low cash prices and maximum value resulted in Kresge's phenomenal growth. Today Kresge's is the second largest variety department chain store with close to 800 stores in the United States, Canada and Puerto Rico. Over 37,000 men and women own Kresge stock. Total sales last year were over \$415,000,000.

There are still thousands of items to be purchased at Kresge's for 5c and 10c, but Kresge's policy of providing better values for less was extended long ago to the "25c to \$1" range, and now to \$5, \$10 and even more. The family that shops regularly at Kresge's for apparel, housewares and most family needs will save hundreds of dollars each year.

Your new Kresge's is a check-out store because most shoppers like to make their own comparisons, pick and choose, then pay for everything in one fast transaction.

Your new Kresge's opens today with free favors and dozens of celebration specials for all the family. Come see us . . . we're expecting you.

## Newest Lutheran Church Sets Charter Ceremony

Sunday, Spring Valley's newest church will take its first step toward organization. At the 11 a.m. worship service the charter for the Shepherd of the Valley Lutheran Church will be open. The church meets at the Spring Valley Chamber of Commerce Hall at 11 a.m.

Signed by all who desire to unite with the congregation, the charter is a petition to the United Lutheran Church for permission to organize as a regular congregation. "It is a giant step," said the Rev. John Kerr, pastor of the church. "We look forward to becoming fully organized soon."

The charter signing will be marked by a special service. Sunday at 5:30 p.m. a family night dinner is planned using the theme "family worship." Visitors are welcome to attend the potluck affair, Rev. Kerr said. Two recent additions to the church were also announced this week. A choir has been formed and rehearses each Thursday evening. ## Christian Science Church Sermon Topic is Reality

"Light is sown for the righteous, and gladness for the upright in heart." This affirmation from the Psalms (97:11) is the Golden Text of the Lesson-Sermon on "Reality" in all Christian Science churches on Sunday. The theme emphasized in the sermon will be the ever-availability of spiritual enlightenment.

Scriptural selection include these verses from the prophet, Isaiah, "The people that walked in darkness have seen a great light: they that dwell in the land of the shadow of death, upon them hath the light shined." "For ye shall go out with joy, and be led forth with peace: the mountains and the hills shall break forth before you into singing, and all the trees of the field shall clap their hands." (9:2, 55:12)

## GOD'S MINUTE

REV. H. C. BAKKEN  
"THE CROSS"

The Cross is the place where we experience the sinfulness of sin. Stand beneath the cross and consider the agony which Jesus endured for your sins. There was no short-cut which could be taken. He suffered what you should suffer. Listen to His words, from the cross and learn something about the love He has for everyone including His enemies. Stay beneath the cross: until you become convicted and convinced that this is the result of your sin.

# CLOVIS HILL

## Local Man Winner of John Hay Fellowship

Clovis Hill, a Helix High School English teacher and a resident of Lemon Grove, has received one of 11 John Hay Fellowships for study granted in California. Paul DeKock, an English teacher at El Capitan, was also honored.

The two awards made in the Grossmont district are the only two in this area and are for study in 1961-62.

Hill will study for a year in the field of humanities at Yale. DeKock will go to Harvard. Each will receive a sum equal to his teaching salary in addition to full tuition, health fee, and transportation for himself and his family.

Hill has taught at Helix since 1952 and prior to that at Lehi, Utah. He took his undergraduate work at Brigham Young University, served in the U.S. Army and served as a missionary in the north central states and Canada for one year. He earned his master's degree at San Diego State College. He teaches journalism in summer sessions at BYU.

## The Mail Box

Dear Mr. Thomas:

Was pleased to read of your interest in a little theatre group and your very interesting comment on the one-act plays, presented at the San Diego University for Women's Drama festival.

I know you will be pleased to hear that the Grossmont Union High School District recently had their One-act Play Tournament at El Cajon High School's Little Theatre, March 11. Although our play members had been actively participating in their nominating convention almost until curtain time, Mt. Miguel gave a beautifully interpreted "condensed to an act version" of their recently presented three-act A.S.B. play, "Lo and Behold." This was a difficult task both from cutting and from the acting standpoint, as they had to re-learn scenes, etc. They came off with best actress award going to Linda Thompson of Spring Valley and second best actor award going to David Carpenter of Lemon Grove. Both played their original roles, which met with such success when the play was given at Mt. Miguel High School; Linda as Daisy Durdle and David as Milo Alcott.

Other awards given, went to George Manning as Montgomery Cueble, in "The Salvation of Lanny McCain" (given by Grossmont as the sweepstakes comedy); and Ray Garrett as Slade in the "Elevator" winning the best actor award for El Cajon High.

The girls awards were: Linda Thompson best actress, in "Lo and Behold" (Mt. Miguel); Mary Cook, second best actress in "So Wonderful in White" (El Capitan High); Maureen Bates, honorable mention, for her part in the play, "Antic Spring" presented by the Granite Hills High School.

May I throw a bouquet to Mr. Robert Sanders, Mt. Miguel's director, who is teaching both the drama and the speech students and doing such a wonderful job, as can be evidenced by the awards we are continually winning in tournaments. He is the only teacher in the district who is carrying both teaching assignments and he does a tremendous job.

Just thought you'd be interested.

Signed,  
Mrs. John L. (Marie) Thompson,  
4016 Rogers Rd., Spring Valley

Dear Editor:

Reference is made to your statement in the "Dimmer View" commending the District Attorney and Board of Supervisors for their conservative Our organization objects strongly to your facile assumption that widespread fraud and abuses exist within this program.

Any program that deals with human problems has multiple social, economic, cultural, psychological, and even anthropological complications. To make blanket assumptions without exhaustive research into these problems is to lend credence to the views generally held by the uninformed. We suggest that you familiarize yourself with several excellent studies of the ANC program which are available before issuing any more commendations.

I am enclosing a copy of a state-wide study, and I refer you to studies done by the San Diego County Council of Churches and the League of Women Voters of San Diego

Inc.

Everyone is against fraud and abuses in welfare programs. There are, however, some groups who are simply against welfare.

Very Truly yours,  
Arthur G. Elcombe,  
Chairman Social Action Committee California Social Workers' org., San Diego Chapter.

Ed's note:

Perhaps one of the things wrong with the Aid To Needy Children program is the attitude of the social workers' organization in which those critical of any welfare program is considered a dastard by those we pay to administer the program.

From the public prints, other than our own, is a case in point. The San Diego Union early in March referred to the San Diego state welfare study of the "conservative" welfare program of the county in an article written by Charles Ross who had been assigned earlier by his publication to do a welfare study. Reported Ross: "A partisan crowd of about 200 crowded the Board of Education auditorium to cheer and clap at each comment critical of the tightened (welfare) program. An estimated one-half of the audience consisted of social workers and employees in allied fields."

In another paragraph: "Detrich (County Welfare Director Homer Detrich) denied anyone had suffered or gone hungry under the (tightened) policy (brought) moans and groans from the audience."

These carryings-on and public charges, including those that critics of present welfare practices are ignorant of facts will not serve to get a sympathetic ear as far as this publication is concerned.

Loud noises from organized groups work well with politicians. . . not so well with newspapers.

Dear Editor:  
I have before me a clipping from one of the County newspapers telling about a plan before the Board of Supervisors regarding discontinuance of mailing receipts for certain fees, et cetera.

In this article it mentions, among these fees, et cetera, "County tax bills." Please be advised that tax receipts will be issued and mailed on all payments of both real estate and personal property taxes.

We have had many calls relative to this matter, and we have assured the callers that there would be no change whatever in mailing receipts for taxes paid through the mail, or otherwise. State law requires that receipts be given. We will therefore continue to follow our practice of mailing the tax receipts.

Very truly yours,  
Wilbur W. Easton  
County Tax Collector

## ACCOMPLISHMENTS TOLD

# 1960 was Busy Year for USCG

For the Eleventh Coast Guard District, 1960 was a year crowded with activity aimed at carrying out its traditional function of maintaining safety and order on the high seas and navigable waters of the United States, Capt. S. C. Linholm, commander, Eleventh Coast Guard District, said this week.

In looking back on service accomplishments for the past year, Capt. Linholm pointed out that district facilities had responded to 1,978 calls for assistance, had rescued 79 persons from peril, assisted 4,721 others and had furnished medical aid to 100 additional persons. In the same period, the total value of property saved, including cargo, exceeded ten million dollars.

Eleventh District active duty military personnel totaled 1,069 in 1960 compared to 1,029 in 1959, while authorized civilian employees totaled 72 in the past year.

**STATISTICS TOLD**

The volume of law-enforcement activity undertaken by the district in 1960 is indicated by the following statistics: Vessels boarded and papers examined, 11,622; reports of viola-

tions of the Motorboat Act, 2,495; report of violations of Port Security regulations, 24; report of violations of the Oil Pollution Act, 86; permits to load or discharge explosives, 10; total tons of explosives covered by permits, 97.5; supervised loadings of explosives, 10; waterfront workers screened for security, 238; mariners' documents issued bearing evidence of security clearance, 2,327.

Marine casualties reported and investigated during the year totaled 172 in which 68 persons lost their lives. The Coast Guard completed 445 inspections of merchant vessels with a gross tonnage of 334,137; made drydock examinations of 343 vessels with a total tonnage of 278,073 tons; conducted 91 miscellaneous inspections; and reviewed plans for 40 vessels.

As of Dec. 3, 1960, there were 247 aids to navigation maintained in the district. These aids included one loran station; seven radiobeacons; two day beacons; 98 lights; 36 fog signals; and a total of 103 lighted and unlighted buoys.

The district's larger ships included 20 vessels and buoy ten-

ders of various types and sizes. The number of fixed and rotary-wing aircraft in operation totaled eight, Coast Guard Reserve strength was 274 officers and 2,070 enlisted men.

**ACTIVE UNIT**

The Coast Guard Auxiliary, a non-military organization of volunteers, was active in more than 36 communities in the promotion of safety and efficiency in the operations of small boats.

With the accelerated boating in Southern California, Capt. Linholm made a special appeal to all boat owners to be sure that their boats are seaworthy, well equipped, and that operators have a knowledge of their undertaking before they venture out. They should be fully prepared to cope with changes in the weather.

"The Coast Guard hopes that 1961 will be a year of greater safety as well as enjoyment in this rapidly growing field of boating. A basic need is the help and cooperation of all concerned in spreading the gospel of education, self-regulation, courtesy, and common sense throughout the waters of Southern California," Capt. Linholm said.

GIFT TO SCHOOL — Hi Day and Camp Fire Girls at School Day was observed by local Camp Fire units Tuesday at the Rancho Elementary School in Spring Valley. Members and directors of three Blue Bird groups and one Camp Fire group joined in planting three holly leafed oak trees as part of the new school's landscaping. Money for the trees was earned through the peanut sale. Those taking part were the Flying Blue Birds, Mrs. John Larzallier, leader; the Swans, Mrs. Earnest Kluth, leader; the Sparrows, Mrs. Harold Aproud, leader; and the Wan Ka's, with Mrs. Robert Hood as advisor. Guests of honor at the planting, pictured here, were Sam Miles, principal of the school; Mrs. Albert Tricalie, district director of Camp Fire Girls. Six new Camp Fire units have been formed at the new school. (Staff Photo).

## Top Quality Avocado Demanded In Market, Farm Advisor Says

Top quality avocados are demanded by the produce trade today, reports University of California farm advisor Don Gustafson.

At a recent series of meetings, Gustafson spoke to approximately 100 San Diego County avocado growers on the importance of producing a large volume of top quality avocados. Market data from marketing organizations, comprising about 90 per cent of the total avocado production in California, showed that between 90 per cent and 97 per cent of the fruit marketed were Fuerte and Hass varieties. This is sig-

nificant because the remaining 3 per cent to 10 per cent includes many poor varieties.

Poor varieties hurt the industry in a number of ways, but mainly (1) they have a tendency to depress prices for good varieties when they hit the early season market before for marketing groups in grading, packing, distributing - all these add up to increased packing and marketing costs, and results in less return to the grower.

The avocado grower must sell the individual consumer. If the fruit is rejected on the fruit stand the grower cannot re-

main in business for long. If the consumer is given too many varieties, too many grades and a wide variation in quality she becomes confused and eventually refuses to buy.

## CITIZENS COUNCIL

### Education Conclave Scheduled April 28

Final plans for the Sixth Annual Community Conference on Education are now being studied by La Mesa-Spring Valley's Citizens Advisory Council. The meeting, featuring a new "twist" this year, will be held April 28, according to Dr. Melvin Anderson, Conference chairman.

The gathering will be highlighted by a report to the citizens by Mrs. Howardine Hoffman, specialist in elementary education on the staff of the Los Angeles County Office of Education. Mrs. Hoffman will spend two days in local schools "looking us over," said Anderson. Her report will evaluate and reflect upon the topic, "How do we look?" he added. The program, to begin at 7:30 p.m. at La Mesa Junior High School, will be moderated by Dr. Robert Haas, head of the Arts and Humanities Division, University of California Extension. Dr. Haas will comment on

Mrs. Hoffman's presentation and lead the discussion "sparked" by question from the audience.

The new conference format has the blessing of the District's administration and should be of great value to the community, said Mrs. Muriel Higgins, president. Information will be provided to community organizations (through their C.A.C. representatives) regarding reservations. An overflow crowd is expected, she said.

### U.S. Bond Sales Down in County

"Southern California sales of U. S. Savings Bonds for the month of February totaled \$15,879,753," Savings Bonds Chairman Philip L. Gildred said here today. He compared this with sales of \$15,075,499 for February a year ago.

"San Diego County sales amounted to \$1,483,644 of this total," he said and noted that this compared with \$1,975,176 for the county during February of last year.

"The U. S. Savings Bonds program, celebrating its 20th anniversary during 1961, is paying tribute this month to American home builders," the chairman continued. "Today 35 million American families own their homes. This is almost twice as many as 15 years ago - a dramatic increase which underscores the importance of Savings Bonds in home financing."

"After World War II many returning soldiers bought their homes with their Savings Bonds," he said. "Thousands are still furnishing all or part of the down payment for their new homes with U. S. Savings Bonds."

## PUBLIC NOTICE-- ITS MANY USES

Copyright 1960  
By James E. Pollard

Here is another series of articles on legal advertising. The first few will deal with background of legal notices. Later, specific legals will be discussed.

(No. 6 in a Series)

From ancient times the principle of giving notice has been practiced by civilized people everywhere. In Roman times notices were posted in the circus. At another time the town crier served this purpose.

For centuries civilized people have recognized the right of the community and of the individual to be put on notice. What is more important, they have practiced this principle consistently. It is possible to say that the true democracies could not neglect this principle and still preserve their way of life.

What is at stake in public notice is the simple right of the public to know, to be informed beforehand of some proposed action which affects someone's rights. These may be the rights of the community itself or of some portion of it, of a group or groups within the community, or of people themselves, either as voters, as taxpayers, or as just plain individuals.

Today in the English-speaking countries, for example, the law usually provides for the publication of such notices in newspapers of paid general circulation. Taking all 50 states, there are thousands of such laws. The newspaper is specified because it has an established following, gives wide coverage, is read thoroughly, is both visible and tangible, and is economical. The public notice is an important part of the American way of life.

After careful consideration the above named candidates have come to the conclusion that the best and most practical solution to the sewer problem is as follows:

- It is our proposal that the Board of Directors of the La Presa County Water District under a contractual agreement with the Board of Directors of the Spring Valley Sanitation District, take over the complete control and operation of the Spring Valley Sanitation Treatment Plant in said district.
- In taking over the operation of this plant we propose to bring the current odor problem under control within a period of six months. Recently privately conducted engineering studies have indicated that this plan can be effected by modification and repair of the existing facilities, at a cost not to exceed \$100,000, and such cost to come from the expansion fund of approximately \$240,000 that is now on hand. The La Presa Board of Directors are to receive no compensation whatsoever for assuming this added responsibility.
- Our reasons for proposing this are as follows: We believe that by instituting local control and by employing efficient professional supervision and maintenance on a 24-hour, 7-day a week basis, we not only can improve the

operation of this plant from an economical standpoint, but also alleviate the pressing odor problem and eliminate any necessity for refusing sewer connections.

- In addition to the above, the Board of Directors pledge to continue to exert maximum attention toward the ultimate solution of the sewer problem, which is construction of the trunkline down the Sweetwater Valley to connect with the metropolitan system. If requested or necessary, the Board of Directors will also undertake the responsibility for financing and construction of this trunk line. Being certain that a bond issue is doomed to failure, we propose using private capital under a lease-back arrangement so that the entire project can be completed without a bond issue or any increase in taxes. This type of financing has been recommended and approved by financial authorities and the Spring Valley Local Government Committee.

- If elected we propose to initiate the above program immediately. We feel that time is of the essence in the elimination of this very serious problem.
